## Presentation

I am a **UI/UX Designer** and **Front-end Developer** with a solid technical foundation gained at the Technical Institute in Computer Science. I further refined my skills through a three-year degree in Product Design from Ascoli Piceno, integrating my technical background with a broader perspective on design.

My academic journey continued with a Master's degree in Communication Theory and Technology at the University of Milano-Bicocca, where I deepened my knowledge of communication principles and developed practical skills in Front-end and UI/UX Design.

## Education

**IT Specialist** 2011 - 2016

- High school, Itis Eustachio Divini - San Severino Marche

**Industrial and Environmental Design** 2018 - 2022
